PARAPROFESSIONAL SCHOOL PERSONNEL

This bibliography lists material published on paraprofessionals since the first bibliography on this topic (Bibliography No. 16) was published in December 1970. It is planned to issue from time to time updated bibliographies in various subjects which have already been covered in the series, but in which interest remains strong.

Sources consulted in preparing this bibliography include the Bibliographie du Québec, British Education Index (The Library Association), the Canadian Education Index (CCRE), the Cumulative Book Index (Wilson's), the Current Index to Journals in Education (CCM), the Directory of Education Studies in Canada (CEA), the Education Index (Wilson's), Education Studies Completed in Canadian Universities (CEA), Research in Education (ERIC), and Research Studies in Education (Phi Delta Kappa). The period covered is approximately ten years.

Abstracts of material with an ED number may be found in Research in Education. If marked "Available ERIC", hard copy or microfiche copies may be purchased through the Education Document Reproduction Service of the ERIC system.

Material available on loan from the CTF Library is marked with a single asterisk. The Library is also purchasing microfiche copies of the ERIC documents available. A double asterisk appears beside these titles, indicating the material is available on loan in microform only.
